Best Places For Eyelash Extensions In Detroit

March 26, 2013 8:00 AM

Eyelash extensions are not just for Hollywood starlets or for supermodels who strut their stuff on the runway, they are for anyone wishing to instantaneously transform their face in a subtle yet dramatic way. Salons can add extensions to lengthen your existing lashes, making them appear fuller.

The length of time it takes to create this look varies from one to two hours, and the results look natural. Lash stylists can create different "looks" of eyelashes by varying the length or spacing. Eyelash extensions are considered semi-permanent, as they stay in place for an extended period of time, but not forever.

Find a true expert, and it's as if Picasso is using your eyes as a canvas for his next masterpiece. To help in your search for the best, check out the experts in the Detroit Metro area listed below.
